Possible Solutions
- Expand public transport
- Implement smart traffic lights
- Promote car pooling
- Increase investment into urban planning

Addison Snyder

Technology gaps
- Limited use of traffic prediction
- Ineffective enforcement of traffic law
- Insufficient use of public transport.

Addison Snyder

Urban Planning
- High population density
- Poor layout
- Suburban dependence on cars
- Rapid growth

Addison Snyder

Large amounts of morning traffic in COLA

Environmental factors
- Bad weather
- Road damage due to climate conditions
- Special events
- Snow birds
- Time of day changes

Addison Snyder

Driver behavior
- Prefrecnes for commutes
- Rush hour
- Poor driving habits(Tailgating)
- Resitance to public transport
- Accidents

Addison Snyder

Infrastructure factors
- poorley designed roads
- Insfficient road capacity
- Lack of good public transport
- Limtied parking
- Road construction
